

EMERGENCY PREPAREDNESS BOXES

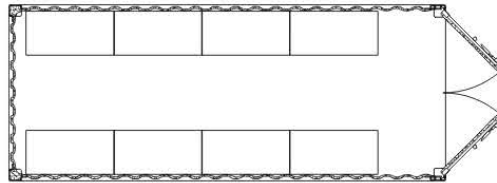

Plan to store items such as radios, personal protective equipment, generators, and evacuee support materials so your school or municipality is prepared for an emergency.

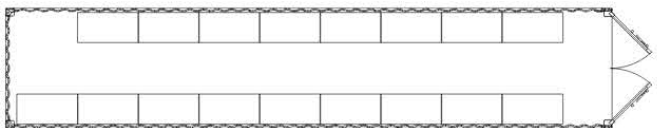

8x10

8x20

8x40

Insulation

Our emergency preparedness boxes come standard with 1" of spray foam insulation to keep your supplies from getting too hot or too cold.

Electrical

Our emergency preparedness boxes come standard with a heat and lights package which includes LED lighting, forced air heater(s), receptacles, a 100 amp panel with LB fitting, and a CSA electrical certification.

Shelving

BigSteelBox has a wide variety of shelving available that is customizable to your requirements. Our standard emergency preparedness box comes with three tiered EZ Rect shelving for easy storage of your supplies.

Moving and storage that feels better.
